

Door Mirror Cover with LEDs

High quality Door Mirror Cover with LEDs that offers a 2-for-1 solution for enhanced style and additional safety.

Road Safety Tip:

Always enable other road users to anticipate your intent to turn or change lanes. Check your door mirrors, switch on the signal and manoeuvre when it's safe.

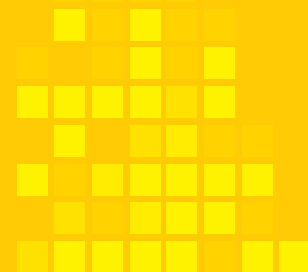

DOOR MIRROR COVER WITH LEDs

Direction Indicator + Door Mirror Illuminator* + Style

DK Auto's Door Mirror Cover with LEDs is a 2-in-1 combination of enhanced styling and additional safety found only in luxury car models. It serves as Direction Indicator and Door Mirror Illumination*.

The cover is made of high quality ABS and comes attached with super bright amber LEDs, covered by a clear PC lens, to serve as Direction Indicator, ensuring safety when changing driving direction and turning.

A second white LED, located at the bottom of the door mirror cover, serves as a Door Mirror Illumination*, and will be illuminated to anticipate and avoid potential hazards whenever you enter or step out of the car.
